THIRD CHAPTER OF THREE, FOR THE MOMENT

Three years to twirl from dépendance into in:dépendance. As a temporary house of Universum Carrousel Journey, in Summer 2024 in:dépendance will give room to 77 days of encounters, randonnées, visions and conversations.

On the past two summers over 200 guests interfered with the house as much as the house interfered with its guests. For another season we affirm our permanent presence, we hand over the house to our guests and invite our guest to become the hosts. There is no topic as much as the topic is defined by enthusiasm, limits of altitude, sharing of attitudes, responsibility and unspoken acts of hospitality.

Between the months of July and September the In:dépendance will host a diverse program curated by its team. Alongside the Universum Carrousel Journey program, in:dépendance gives space to external contributions through two open calls. 3 weeks of shares and 77 days of residencies.

Residents and curators will cohabit and influence each other, as all influences one another.

OPEN CALL - WEEKS OF SHARES

The program is open to groups of up to 12 participants. 8 mixed rooms (single and double) will be made available to the group for a duration of 7 consecutive days, Monday through Sunday.

We look forward to projects aimed to multiply points of view and share perspectives. The choice of the format is left to the residents and curators.

It can range from workshops, to interviews, to talks, reading sessions and moving sessions.

We welcome exchanges between students, between professionals or between both and encourage reversing and exploring ways of sharing knowledge and experience.

July 1 to 7

July 29 to August 4

August 26 to September 1

OPEN CALL - 77 DAYS

77 Days offers individuals or small groups up to 5 people the opportunity to dive into a project, providing 3 rooms. Rooms for sleeping, for working, for performing, for thinking. Duration of the stay is open, starting from a minimum of 3 days.

It can be noncontinuous and spread throughout the entire summer season (2 days every month, 20 consecutive days, etc.).

Whether an ongoing project, a new research or exploration, expansion on a topic, practicing, writing, drawing, researching, or simply walking.

A chance to give space to all that does not find a place in everyone's everyday.

Any day between June 24 and September 13

All levels of education in any field of study are welcome and encouraged to participate (visual arts, handcrafts, science, biology, physics, design, architecture, economics, film, literature, dance, theater, music, etc.).

In:dépendance will provide accommodation and food for all participants. In addition to the rooms assigned to participants, other spaces for working and cooking are shared among all residents.

Only shared spaces can be heated. For the 77 days, the dates of the stay must be communicated during the application, and changes are not permitted after confirmation of availability.

Please submit your applications by sending the completed form for Days or Weeks to furka@arch.ethz.ch no later than April 7th.

September 1 2 3 4 5 6 7 8 9 10 11 12 13

Abstract (max 150 words) _____

Others _____

Entry
Submit the application form to furka@arch.ethz.ch as a 10-page PDF, not exceeding 10MB in size. Include selected material from your reference projects, images and a text (max 800 words) essential for the comprehension of the proposal. For group applications, please designate a contact person responsible for communication with the in:dépendance team.

Additional information
In:dépendance is a residency program of Universum Carrousell Journey, Chair of Professor Jan de Vylder at the ETH Zürich. In:dépendance will be active from June 24th till September 13th in form of a group workshops and individual projectbased residency. Eight rooms are available for group applications and three rooms are available for individual or small group applications. The employment of space and constellation of invitees is defined by the residents themselves and must be mentioned in the application phase.

In:dépendance will provide accommodation and food for all participants. Travel fees and additional budget for project development are not covered. Participants are responsible for the handling and care of the space throughout their stay. Accident and liability insurance are matters that residents need to take care of themselves. The content and outcome of your residency will be included in publications and might be part of promotion material.
